Join us for this fantastic, FREE day of fun, put together by, for and with the local communities of East Brighton & Hangleton, along with Brighton Festival, Brighton People's Theatre, Hangleton & Knoll Project and Due East.

Following its huge success in 2017 and 2018, *Your Place* has become *Our Place*. The day kicks off at 10am with a packed selection of theatre, music, dance, art, games, workshops & family entertainment, AND is a wonderful day out for the whole family! Everyone welcome.

Our Place steering group is what it says on the tin; we are a group who give a steer to the *Our Place* programme. We're made up of local residents and organisations, from a diverse range of backgrounds, with a broad range of experience and skills. Together we work with Brighton People's Theatre and Brighton Festival to bring a programme of arts, activities and shows into our local community. We want there to be opportunities in our community that everyone can enjoy, and where cost and location is not a barrier. This is our third year, and every year we learn something new, and every year *Our Place* gets bigger and better. This year we have worked with even more community groups, plus local schools and the library, and have been able to extend the programme throughout the whole of May. We really hope that you discover something in the program that you enjoy!

- Nicole Monney, from the community development charity Hangleton & Knoll Project

Our Place Creative Makers

You are invited to participate in the creation of a large-scale, craft-based installation during this year's *Our Place*. Create one of hundreds of powerful, playful, wearable pieces of craftivism that are enjoyable to make.

The project is inspired by existing talent and enthusiasm in the community for making craft. It will become part of the global movement of craftivism, which uses making as a form of social or political, peaceful, creative activism. We have a specific focus on what we think makes a healthy community; caring, connecting, celebrating and communicating.

Pick up a FREE craftivism makers kit at:

Hangleton Community Centre / St Richard's Community Centre / Hangleton Library / Hangleton and Knoll Project Youth Workers
